THE REAL ESTATE REPORT

CRAFTING THE IDEAL PATIO SPACE IN YOUR OKANAGAN HOME

Elevate your outdoor living during the summer months

With summer on the horizon, there's no better time to transform your outdoor patio space into an ideal setting for relaxation and entertainment. Here are some tips to help you create an outdoor haven that will enhance your enjoyment of the season:

Map it out

Start by assessing the size and shape of your outdoor area, as well as any existing features such as trees, gardens, or structures. Draw it out on paper or digitally so you can play around with the dimensions, shape and features you want to add or improve. This will help you determine the best placement for furniture, seating areas, and outdoor amenities so you can optimize your space for comfort and functionality.

Choose wisely

When selecting furniture and decor for your patio, opt for durable materials that can withstand the elements while adding aesthetic appeal to your outdoor space. Wicker or rattan furniture with

weather-resistant cushions provides both comfort and style, while outdoor rugs, throw pillows, and decorative lighting can enhance the ambiance of your outdoor area.

Multi-functional

Take the space to the next level by adding elements that expand its functionality. Add in features such as built-in barbecue or pizza oven, fire pit, or dining area. A dining table and seating area can be inviting for outdoor meals or dinner parties.

Make it your own

Finally, don't forget to personalize your patio with unique decorations that reflect your personal style and interests. Whether it's hanging artwork, decorative sculptures, or outdoor lanterns, add finishing touches that resonate with you. This will allow you to express yourself and make it a space you will enjoy and love inviting guests into as well.
